

## 8V1320.00-2 B&R ACOPOS INTELLIGENT SERVO DRIVES MODULE

Our Product Introduction

### Basic Information

- Place of Origin: Austria
- Brand Name: B&R
- Certification: CO
- Model Number: 8V1320.00-2
- Minimum Order Quantity: 1pc
- Packaging Details: BRAND NEW WITH FACTORY PACKAGE
- Delivery Time: 2-3 days
- Payment Terms: T/T
- Supply Ability: 100PCS PER WEEK

### Product Specification

- PART NO.: 8V1320.00-2
- Weight: 0.05 KG
- Actual Price: Negotiable
- Condition: New Original With Sealed
- Application: Oil And Gas Factory
- Color: Normal

| Weight              | 0.05 KG                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Condition           | Normal                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Description         | <p>EMC was given special attention to facilitate use in harsh industrial environments. Field tests have been carried out under difficult conditions in addition to the tests defined in the standard. The results confirm the excellent values measured by the testing laboratory and during operation. The necessary filters, which meet CE guidelines, are also integrated in the device.</p> <p>Using computer-aided models, the thermal behavior of the entire system is pre-calculated based on measured currents and temperatures. This results in maximum performance by taking advantage of the system's full capabilities.</p> |

#### Company Information

##### Wuhan Sean Automation Equipment Co.,Ltd

ADD: Building 2, Fanhai International SOHO , Huaihai Road, Jiangnan District, Wuhan,China.

##### Main manage distributed :

- ◆Control system (DCS)
- ◆Programmable controller (PLC)
- ◆Vibration system monitoring card (ESD) system card
- ◆TSI Vibration Monitoring System
- ◆Steam turbine control system module
- ◆Gas generator spare parts

#### Mainly Products

##### ◆PLC:

- 1) ControlLogix 1756 series controller
- 2) CompactLogix 1769 series controller
- 3) SLC-500 1747 1746 Series Controller
- 4) PLC-5 1771 1785 series controller
- 5) FlexLogix 1794 series modules
- 6) ProSoft :MVI69/PS69/MVI56/MVI94/MVI71/MVI46/3150

##### ◆ABB DCS:

- 1) AC800M series controller I/O module
- 2) AC800F series controller module
- 3) AC31 series controller module
- 4) 800xA series modules
- 5) Bailey INFI 90 module
- 6) DSQC robot module spare parts
- 7) Advant OCS system spare parts

◆Bently Nevada:Bently 3500 System Card

◆General Electric:IC693,IC695,IC697,IC698,IS200,IC200 series

◆Siemens (Siemens):

1) Siemens MOORE

2) Siemens S5

3) Siemens S7 200series,300series,400series,ET200SP series,S7-1200 series,S7-1500 series so on.

◆Rexroth Indramat:I/O module, PLC controller, drive module

### Packaging & Shipping

1)All quote are basic on EX-WORK

2)Delivery time: 3-5 days after payment

3)Delivery term via DHL/TNT/UPS/EMS/Fedex.

4)Packaging Details:original packing factory sealed
